Subject: Lesley R Green Cover Letter.

Having worked in the field for more than 25 years developing, implementing, and maintaining all disciplines of communications and information systems, I am a talented and experienced Information Technology Professional. My expertise includes multi-platform environments such as Windows Linux and Solaris, server and workstations, both physical and virtual; as well as design, installation, and assessment of local and wide area network infrastructures. Since 2013 I have served as the Director of Information Systems for the City of North Platte and Lincoln County Nebraska leading a team of 5 technicians supporting all aspects of State and local government including, Fire, Police, Sheriff, Detention Center, Utilities, and Administrative systems. Prior to that I was responsible for the system administration of a specialized weather information processing system on 23 UNIX platforms and 22 Microsoft Windows operations and support systems. Before that, I developed and implemented information systems security standards as a Certification and Accreditation Program Manager for 22 personnel and 33 operational systems across the DoD Global Information Grid. I was designated the Air Force lead to the DoD Ports Protocols & Services Technical Advisory Group, assessing system implementations of network communications, as well as managing the Air Force implementation of the DoD Ports Protocols and Services Program.

I have a proven record of accomplishment in my knowledge and expertise of Information Technology and Systems services. I have received awards of recognition for actions positively impacting operations of the National Weather Service Forecast Office and graduated from the National Association of County Officials Cyber Security Leadership academy. I was the Air Force Information Assurance Outstanding Professional and Non-Commissioned Officer of the Year. I have completed extensive technical training through Advanced Communications-Computer Systems Operations Specialist Courses, specialized training programs such as the Global Command and Control Systems Security Administration, TEMPEST, and Emission Security management courses. I hold an Associate's degree in Information Systems Technology, and a Bachelor of Science, in Systems and Network Administration. Finally, my Certified Information Systems Security Professional (CISSP) certification is current until August 2022.

Attached you will find a detailed description of my qualifications and experience. Please contact me if you would like additional information regarding my experience or qualifications, or visit <https://www.lesleyrgreen.com/resume>

Thank you for your time and consideration.

Sincerely,
Lesley R. Green
